

THE COURTAULD INSTITUTE OF ART TUITION FEE LOYALTY DISCOUNT

The Courtauld is pleased to announce the introduction of a new alumni loyalty scheme. This scheme is open to any graduate of The Courtauld Institute of Art admitted to a new taught postgraduate programme of study from 2015/16 onwards and recipients will receive a 10% loyalty discount off their tuition fee for the duration of the course. This discount will be applied automatically and does not require any further action from applicants.

FAQ

What is the loyalty discount scheme?

The loyalty discount scheme currently offers Courtauld graduates 10% off their tuition fees if they start a new course during the 2015/16 academic year.

Who is eligible for the loyalty discount?

Any person who has been awarded a University of London certificate for a programme completed at The Courtauld Institute of Art is eligible. If you are currently studying with us, you will become eligible upon successful completion of your course.

Study abroad students who have successfully completed at least one term at The Courtauld Institute of Art are also eligible.

Students who had occasional status are not eligible for the loyalty discount.

Which courses qualify?

The discount will apply if you already hold a Courtauld qualification and take up a place on one of the following courses::

- Graduate Diploma in the History of Art
- Postgraduate Diploma in the Conservation of Easel Paintings (15/16 entrants only)
- MA Buddhist Art: History and Conservation
- MA Conservation of Wall Paintings (next intake is 2016/17)
- MA Curating the Art Museum
- MA History of Art

I am already studying on an eligible course, do I get a discount?

No, current students do not qualify for the discount, although your fees will be held at an inflation-only increase.

Does the discount just apply to Home students, or can EU and Overseas students receive it as well?

The discount applies to all Courtauld graduates, regardless of fee status.

Can I qualify for the discount more than once, say if I want to do the MA History of Art followed by the MA in Curating the Art Museum?

Yes, you can qualify more than once.

Why can't I receive a discount if I am taking up a research degree? Are there any plans to include the PhD course as part of this scheme?

The research degree programme is not included in the scheme at the present time.

I am a Courtauld graduate who deferred my entry and will be starting my course in 2015/16, am I eligible?

Yes, deferred students qualify as they are charged at the tuition fee rate applicable in the year they take up their place.

I am a Courtauld graduate who suspended their studies and will be returning to my course in 2015/16, am I eligible?

No, you will not be eligible as you started your course before the scheme began. However, students who suspend from 2015/16 onwards and return subsequently will be charged the tuition fee rate applicable in the year they return, but they will also qualify for the discount.

How will the discount be applied?

If you are a recent graduate of The Courtauld Institute of Art you do not need to do anything, as we will match your study and application records. If you have already submitted this as part of your application we will match this to your record and you will not need to resubmit it.

If you graduated from The Courtauld prior to it becoming a self-governing institution (2002), you will need to submit a copy of your degree certificate to us, and you should do this as part of your application.

When will I know how much I have to pay?

The discount will be shown on your tuition fee invoice issued before the enrolment period. If you choose to pay your fees by instalments we will apply the discount pro rata to each payment.

I heard about the introduction of loans for postgraduate study. What can you tell me about this?

The Government recently announced the introduction of Student Loans for Home and EU postgraduate students from the start of the 2016/17 Academic Year. As an interim measure, there will be a limited number of bursaries available for final year undergraduate students meeting the qualifying criteria in 2015/16 only, and we will provide more information to these applicants as it becomes available.
