

Reference Form
The Sotiris Felios Collection Residency Programme

The Sotiris Felios Residency offers recent alumni and current students of The Courtauld an opportunity to enhance their academic or curatorial practice by developing a project from proposal to completion with The Sotiris Felios Collection in Athens. The residency stems from a valued collaboration between The Courtauld and the Sotiris Felios Collection; those taking it up therefore serve to an extent as ambassadors for The Courtauld and its programmes.

Suitability for the residency is assessed not solely on academic achievement, but also on engagement, motivation, and creativity. We encourage you to reflect candidates' diverse strengths and accomplishments in formulating your reference.
